2015 VERIZON INDYCAR SERIES RULE BOOK

PREFACE

The Rules apply to the 2015 Verizon IndyCar Series Events. Each Member has been provided with or has been given access to a copy of the Rules, is deemed to have a full awareness and understanding of the Rules, and has agreed to abide by and be personally responsible for compliance with the Rules.

Further information may be obtained by contacting the INDYCAR offices at 4551 West 16th Street, Indianapolis, IN 46222, Telephone (317) 492-6526.

1. GENERAL

1.1. Governance

1.1.1. General

1.1.1.1. The Rules govern the 2015 IndyCar Series Events and supersede all previous Rules, bulletins and supplementary Rules and regulations, unless otherwise indicated. Capitalized terms used in the Rules have the meanings set forth in Chapter 18, Glossary.

1.1.1.2. Each Member is personally responsible for the Member's compliance with the Rules.

1.1.1.3. INDYCAR may penalize any Member and/or exclude any Member or equipment from any Event if INDYCAR deems any act, any omission, any condition to be hazardous and/or not meeting the specifications, requirements, spirit, illustrations, and/or intent of, the Rules. Acts, omissions or conditions that may warrant penalty and/or exclusion include without limitation any action which INDYCAR deems to be a threat to or a violation of the integrity or safety of INDYCAR, the IndyCar Series and/or orderly conduct of the Event, and/or which relates to the design or construction of a Car or repairs to a damaged Car.

1.1.1.4. If the Rules do not expressly permit a variation, then the Member shall presume that such variation is not permitted. If a Member is uncertain if an act, part, etc. violates a Rule, the

burden is on the Member to receive pre-approval in writing from INDYCAR. For this purpose, e-mails are not written approval unless otherwise expressly permitted and specified by INDYCAR by bulletin. The Member assumes the risk of noncompliance. It is not necessary for a competitive advantage to be gained to constitute a violation of these Rules.

1.1.2. INDYCAR Authority

1.1.2.1. The Rules shall be applied, constructed, and interpreted by INDYCAR, and INDYCAR's application, construction, and interpretation shall be final and binding.

1.1.2.2. INDYCAR reserves the right to revise the Rules at any time, including, without limitation, prior to or during an Event. Notices, bulletins, supplementary Rules, regulations, and penalties are effective on the date and time issued, regardless of the date and time when a Member receives actual notice.

1.1.2.3. INDYCAR shall have the following right (i) to authorize and supervise Events of any kind; (ii) to create, interpret, revise and enforce Rules at any time; (iii) to render decisions concerning the Rules and Events; (iv) to grant, approve, refuse, enforce or withdraw Licenses, memberships, and sanctions; (v) to assign and cancel dates for Events; (vi) to appoint and rescind the appointment of Officials; (vii) to impose, enforce and/or remove penalties for any violation of the Rules; (ix) to establish, interpret and enforce standards of eligibility for participation in Events; (x) to establish Rules for its own procedure; and (xi) to do any and all

things which, in its judgment, are consistent with the enhancement, safety and/or integrity of the Events. INDYCAR also reserves the right to take whatever action and/or impose whatever penalty it deems necessary to maintain the integrity and safety of INDYCAR, the IndyCar Series, and/or its Events.

1.1.3. Officiating

1.1.3.1. INDYCAR will select Officials.

1.1.3.2. INDYCAR shall have the authority to take any actions and make any determinations it deems necessary or appropriate during, or in connection with, an Event including without limitation determinations as to whether a Rule violation has occurred, whether a penalty should be imposed, the specifications of any penalty and the enforcement of any penalty.

1.1.3.3. INDYCAR shall have the right to determine whether or not to publicly publish or cause to be publicly published a notice stating that INDYCAR has penalized any Member and/or rendered a judgment on a review and/or appeal. If published, the notice may include without limitation a description of the penalty or judgment and names of the affected Member(s). Having accepted the privileges and obligations of membership, the Members referenced in any such notice waive any and all rights of action against INDYCAR and/or against any individual or entity publishing such notice. INDYCAR may without limitation publicize the results referenced in such notice in the posting and awards or otherwise.

1.1.3.4. INDYCAR will (i) secure necessary timing and scoring and technical equipment; (ii) and record all timing and scoring information and technical information, including the standings of an Event; (iii) control the designated timing and scoring and technical areas; (iv) provide competition information to the Competitors, the Event Promoter, and the press; (v) and facilitate the award distributions. INDYCAR shall be the final authority on the content of all official postings.

1.1.3.5. INDYCAR may without limitation order the completion, postponement, or cancellation of any Event or any portion thereof for any reason. INDYCAR may terminate a Race before its scheduled number of laps or allotted time and in such case determine the Race results and disposition of the awards, and may terminate a Race after one or more Cars have finished. INDYCAR may increase or reduce the scheduled number of laps or allotted time, and/or may declare an Event completed, postponed, terminated or abandoned.

1.1.3.6. As soon as practical after the conclusion of an Event, INDYCAR shall prepare a report giving the results of the Event and may identify reviews lodged and any penalty issued.

1.1.4. Acceptance of the Rules

1.1.4.1. Every Member who is involved in and/or participates in any way in any Event shall be deemed to have a full awareness and understanding of, and to have accepted, the Rules.

1.1.4.2. Every Member agrees to follow the direction of INDYCAR with respect to the enforcement and interpretation of these Rules or be subjected to penalties for failure to comply with such directions.

- c)** Unless otherwise instructed by INDYCAR, the work permitted on Cars while in the designated location consists of plugging in a booster battery, applying towels to bodywork and providing the Driver a drink bottle and fan. Cars must return to their pit boxes for any additional work.
- d)** Items which may produce a safety issue must be repaired, replaced and/or removed at the direction of INDYCAR. Cars must return to their pit boxes for work.

7.1.4.2.1. INDYCAR approved work performed on a Car while under a Red Condition, including under Rule 7.1.4.2.d, will result in the Car being placed at the rear of the restart lineup.

7.1.4.2.2. Additional work performed on a Car not related to INDYCAR approved safety issues while under a Red Condition will result in a minimum two (2) lap penalty, which will be enforced in a manner determined by INDYCAR.

7.1.5. The decision as to whether to declare a Green, Yellow, Full Course Yellow, or Red Condition may not be reviewed and/or appealed.

7.1.6. While additional information regarding Track Condition is included in the Flag Code and Track Condition Panels section for convenience, this information is equally applicable to the other systems of notification (track lights, team broadcast

frequency, track condition radio and instant messaging).

7.1.7. Decisions by INDYCAR are effective immediately, regardless of the time the declaration is received by the Competitors. INDYCAR uses multiple systems to notify Competitors of such decisions and will make a reasonable effort to declare Track Condition changes at the time they are determined. All Competitors shall react to the first notification they receive. The systems include the following:

7.1.7.1. Track Lights – Green, Yellow and/or Red lights positioned around the Track above the-retaining wall adjacent to the debris fence.

7.1.7.2. "Team Broadcast Frequency" – The radio frequency used by INDYCAR to provide direct communication to Entrants during Events. The spotter (if applicable) and a representative of the Entrant in the Entrant's pit must both monitor the Team Broadcast Frequency. Entrants failing to monitor the Team Broadcast Frequency shall be charged with knowledge of communication on such frequency and are subject to penalty. Participant's radios, with the exception of Officials, must not be capable of transmitting on this frequency. Participants failing to follow directions may be penalized.

7.1.7.3. Track Condition Radio ("TCR") – An in-Car warning light system activated by INDYCAR. All Cars must use the INDYCAR-supplied TCR and wiring harness without modification.

7.1.7.3.1. Oval Events - The TCR signals a Yellow Condition.

7.1.7.3.2. Road/Street Course Events - The TCR signals a Full Course Yellow during a Race or Red Condition during, practice or qualifying sessions.

7.1.7.4. Instant Messaging – A two-way software messaging system used to provide direct text communication between Entrants and INDYCAR during Events. INDYCAR will send messages where applicable to the Entrant(s). This system may be used to communicate Track conditions, send warnings, penalties, or other information to the Entrant. The system may send information to an individual Entrant or to the entire field. All Entries must connect to the INDYCAR-supplied instant messaging system prior to Cars going on-Track.

7.1.7.4.1. Instant Messaging Protocol – In addition to messages sent by Race Control to Entrants pursuant to Rule 7.1.7.4, Entrants may send relevant messages to Race Control. Use of the instant messaging system for any reason, including, without limitation, irrelevant, abusive, and/or unnecessarily repetitive messages, will result in monetary penalties.

7.2. Flag Codes and Track Condition Panels (collectively, “Flags”)

7.2.1. Green - signifies a Green Condition. During all Events:

a) Practice – A practice session has begun.

b) Qualifications - A qualifications attempt or segment has begun.

b) Waved - A waved yellow flag means reduce speed, overtaking is not permitted, be prepared to change direction or stop, a hazard wholly or partially blocking the Track.

7.2.2.2. Full Course – Standing double yellow flags displayed at all marshal's posts. Conditions at the incident will be flagged appropriately.

7.2.3. Black - The Driver shall proceed to the pit area on the next lap and follow the instructions of INDYCAR.

- b) The Driver has violated a Rule; and/or
- c) The Entrant has requested the black flag.

7.2.3.2. When a Driver is ordered to the pit lane because of a hazardous condition of the Driver's Car, the proper repairs must be made and approved by INDYCAR before the Car will be permitted to continue in the Event.

7.2.3.3. In the event of a violation of the Rules, the black flag may be declared to impose a penalty (a "black flag penalty") which may include repositioning Cars or requiring a Driver to:

- a) Drive through pit lane at pit lane speed limits ("drive through");
- b) Stop in pit lane ("stop and go"); or
- c) Stop in pit lane for a prescribed period ("stop and hold").

7.2.3.4. INDYCAR shall determine the type and length of any black flag penalty. Black flag penalties must be implemented under Green Conditions. The penalized Car shall proceed to the pit lane as directed by INDYCAR and may return to competition only upon the declaration of INDYCAR. In the case of a Driver violating the

Rules, no work may be performed on a Car during the execution of a black flag penalty. Should any such work occur, the conditions of the penalty are unfulfilled and the penalty procedure must be executed again in its entirety on a subsequent lap. The penalty may not be reviewed and/or appealed.

7.2.4. Black with White Cross – INDYCAR has ceased scoring the Car indefinitely.

7.2.5. Blue

7.2.5.1. An approaching Car is attempting to overtake and the Car being signaled must give consideration to the overtaking Driver.

7.2.5.2. At Road/Street Course Events, when displayed from the starters stand to a Lapped Car, as ordered directly by INDYCAR, the blue flag is a command to immediately give way. During the Race, any Car failing to give way within one (1) lap of the display of the blue flag from the starters stand will be penalized.

7.2.5.3. At Oval Events, the blue flag will be displayed from the starter stand as per Rule 7.2.5.1, unless ordered by INDYCAR. At that time, the blue flag is a command to immediately give way, and any Car failing to give way within one (1) lap of the display of the blue flag will be penalized.

7.2.5.4. Pit Lane Exit Light – For Road and Street Courses Events only, if another Car on-Track is approaching the pit lane exit, the pit exit lights will flash blue to warn Drivers leaving the pits.

7.2.9.2. Final Practice Sessions – The checkered flag will be displayed at the start/finish line.

7.2.9.3. Race – The checkered flag will be displayed to the Race leader at the start/finish line upon the completion of the Race Leader's final lap and will continue to be displayed until each Car running has received the checkered flag.

7.2.10. Red – Signifies a Red Condition.

7.2.10.1. Unless otherwise declared by INDYCAR, a Race stopped by the declaration of a Red Condition will be considered incomplete unless more than 50% of the scheduled number of laps or declared time limit has been completed by the Race leader. If INDYCAR schedules the continuation of the Race on a subsequent date or a later time, the Race will be restarted beginning with the unfinished portion of the Race.

7.2.10.2. If a Race is stopped by the declaration of a Red Condition and more than 50% of the scheduled number of laps or declared time limit have been completed by the Race leader, INDYCAR may declare the Race complete and final standings will be determined by ranking all

Cars in order by total laps completed and sequence of completion through the last official Race lap.

7.2.10.3. Officials will make reasonable efforts to restart a Race stopped by the declaration of a Red Condition if the conditions warrant.

7.2.10.4. INDYCAR's decision to restart or not to restart a Race stopped by the declaration of a Red Condition may not be reviewed and/or appealed.

7.3. Timing and Scoring

7.3.1. Race Distance and/or Time Limit

7.3.1.1. INDYCAR shall announce the scheduled number of laps and/or time limit prior to the start of a Race.

7.3.1.2. If INDYCAR determines that there are time limitations due to weather, curfew, or otherwise, INDYCAR may move the start time of a Race, shorten the distance or time of a Race, set a maximum distance or time for a Race, or take such other actions as it deems appropriate.

7.3.2. Systems

7.3.2.1. The electronic scoring system is the primary scoring record. INDYCAR will record the physical sequence in which each Car crosses the start/finish line, including in pit lane.

7.3.2.2. INDYCAR may use other substantiating scoring systems.

7.3.2.3. If INDYCAR cannot visually determine the position of a Car relative to other Cars, INDYCAR may consult with other Officials and access such other data as it determines necessary or appropriate to determine the order of the Cars.

7.3.3. Start/Finish Line - The scoring of Cars shall begin at the moment when the timing transponder of the lead Car reaches the starting line:

- a) Race** - after the prescribed number of parade and pace laps have been completed.
- b) Practice/Qualifying** - the declaration of the Green or Yellow Condition has been given by INDYCAR.

7.3.3.1. Oval Events and Indianapolis

500® Mile Race - A single start/finish line will be defined across the Track, and extended across the pits where appropriate, in the immediate area of the starter's stand.

7.3.3.2. Road/Street Course Events - INDYCAR may designate separate start/finish lines.

7.3.4. Lap Credit

7.3.4.1. A Car will be credited with a lap when its timing transponder crosses the start/finish line after completing one entire lap of the Track with two wheels of the Car having remained on the Racing Surface at all times, as determined from the scoring records. Notwithstanding the foregoing:

7.3.4.1.1. If a Car returns to pit lane under its own power and retires from the Race, INDYCAR may credit the Car with completion of the lap.

7.3.4.1.2. On the last lap of a Race, a Car will be officially credited with a lap when any part of the Car under its own power crosses the finish line.

7.3.4.2. A Car shall be considered the first Car out of the Race and shall be awarded the final finishing position based on the following order:

- a)** The Car is a non-starting Car pursuant to Rule 10.3.5,
- b)** The Car does not leave the starting grid and does not return to the Race,
- c)** The Car drops out during the parade or pace laps, or
- d)** The Car drops out of a Race before completion of the first lap.

7.3.4.2.1. In the event more than one Car is affected in one of the above categories, INDYCAR shall rank such Cars based on their original starting grid positions.

7.3.4.3. Final standings will be determined by the sequence in which the Cars completed the scheduled number of laps.

7.3.4.3.1. Except as provided in Rule 7.3.4.1.2, a Race will be completed by the Race winner at the moment the timing

transponder of the Car crosses the finish line on the last lap. The Race will be completed by each other Car when the timing transponder of each Car crosses the start/finish line after the Race leader. Scoring will thereafter cease, and the Race is completed. INDYCAR's decision may not be reviewed and/or appealed.

7.3.4.3.2. Cars not completing the scheduled number of laps will be ranked in order by total laps completed and sequence of completion, whether the Car is still running or not. INDYCAR shall determine the "reason out" for each Car not listed as running. INDYCAR's decision may not be reviewed and/or appealed.

7.3.5. Ties

7.3.5.1. In the event INDYCAR is unable to conclusively determine any difference in the physical sequence for two or more Cars at the end of a Race, INDYCAR shall determine the finishing positions based upon the Cars' positions at the finish line on the prior lap.

7.3.5.2. In the event two or more Cars post the identical number of laps led in a Race, the Car finishing the Race in the higher/highest position will earn the two points or award for most laps led.

7.3.5.3. INDYCAR's decisions are not subject to review and/or appeal.

7.3.6. Shortcuts - A Car will not be permitted to advance or maintain its position relative to other

Cars due to an excursion off the Racing Surface unless the excursion was due to the Car taking evasive action. If evasive action results in the advancement of position relative to Cars on-Track, INDYCAR may reposition Cars in accordance with Rule 9.2.2.4.

7.4. Pit Locations/Selection

7.4.1. Non Indianapolis 500® Mile Race Events

– Pit locations for Race Locations shall be determined based upon the Entrant's position in the qualifications results (inclusive of penalties) at the previous non-Indianapolis 500® Mile Race Location. Pit locations will begin with the pole position Entrant receiving the stall at pit out and continuing through the qualifications results to pit in. Team pits will not be averaged.

7.4.1.1. If an Entrant did not participate at the prior Race Location, it shall be assigned a pit location as follows:

- 1)** Entrant points
- 2)** Blind draw

7.4.1.2. For the first Race Location of the season, pit locations shall be assigned based upon prior season ending Entrant point standings. INDYCAR shall determine an Entrant's eligibility. Entrants without points shall be assigned by the date that Entry was received.

7.4.1.3. If qualifications do not occur at the prior Race Location, pit locations for the subsequent Race Location shall be assigned based upon the starting positions (not qualification results)

established at the prior Race pursuant to Rule 8.1.10.1.

7.4.1.4. At a Double-Header Race Location, the pit location will not be moved between Race One and Race Two. Race Two qualifications will determine the subsequent Race Location pit selection.

7.4.1.5. Indianapolis 500® Mile Race:

Practice - Following the Indianapolis Road Course Race, all Entrants are required to move all of their Pit equipment to their designated practice location. Pit locations shall be selected by an Entry based upon the Entry's position in the current Entrant point standings following the Barber Race. A Team shall average all combinations of its Entries so as to group them together in pit lane. If a Team with points has an Entry without points, this Entry will not be calculated into the average. In addition, partial season Entries will not be calculated into the average. INDYCAR shall determine an Entrant or Entry's eligibility. Entries without points shall be ranked at the end of the point standings by date of Entry receipt.

Pit Selection shall be conducted in the N1 Office on Wednesday May 6th at 1:00 PM (E.D.T). INDYCAR shall assign a pit location for any Entry not represented at the designated pit selection time and place. Following the conclusion of practice on Friday, May 15th, an Entrant must move its pit equipment from the practice pit location to the qualifications pit location.

7.4.1.6. Qualifications – Pit locations shall be assigned by INDYCAR based upon the position of the Entry's primary Car in the initial qualifications draw. The pit location for the first primary Car will be the first pit north of Gasoline Alley and continue north through the selection order. Three Cars will be assigned to two pits. A Team shall not have the option to average its Entries. The pit locations will be distributed after the draw is completed, and Entrants may move their pit equipment to their qualifications pits at that time. The same pit assignments will be in place for all qualification days.

7.4.1.7. Carburetion Day/Race Day - Pit locations will be selected as per Rule 8.4.5. A Team shall have the option to average any combination of its Entries within the same qualification group, per Rule 8.4.4.1.4 so as to group them together in pit lane. INDYCAR shall determine the time and place for the pit selection. INDYCAR shall assign a pit location for any Entry not represented at the designated pit selection time and place. After the close of Qualifications on Sunday, May 17th, an Entry's pit equipment must be moved from the Qualification pit location to the garage area until notice from INDYCAR to move to its designated pit for all post qualifying track activities.

7.5. Race Start

7.5.1. The Car starting from the first position will start from the inside of the front row. All Drivers must place their Cars in their respective positions on the parade and pace laps. If a Car experiences difficulty, with INDYCAR's approval, the Car may return to its original starting grid position any time prior to the

conclusion of the parade lap. After this time, the Car shall be moved to the rear of the starting grid. If more than one Car is so affected, INDYCAR shall determine the order at the rear of the starting grid. The remaining Cars in the field must maintain their assigned positions unless otherwise instructed by INDYCAR.

7.5.2. Cars dropping out on the parade or pace laps may be considered cause for delaying the start. Such Cars will be directed to the pit lane or another designated area and will be permitted to join the Race under the direction of INDYCAR whenever their difficulty is corrected. Unless otherwise instructed, their first scored lap must begin at the starting line on the Racing Surface or at the pit out line if leaving the pit lane after scoring has commenced.

7.5.3. A Safety Car will be used to pace the field at the start of the Race. The Safety Car will have its flashing lights on during the parade and pace laps. At the appropriate time, the lights will be turned off, indicating intent to start the Race the next time across the starting line. The Safety Car will pull off into the designated location. The lap count may begin at the conclusion of the pace lap.

7.5.4. All Drivers must maintain their relative positions until the Green Condition is declared. If a Driver improperly improves his/her position prior to the declaration of the Green Condition, the Driver may be penalized. Except as provided in Rule 12.2.1, the imposition or non-imposition of a penalty may not be reviewed and/or appealed.

7.6. Race Restart

7.6.1. After a Yellow Condition

7.6.1.1. Prior to the restart, any Cars between the Safety Car and the Race leader will be waved by to join the rear of the field. Waved by Cars may pit. INDYCAR may restart the Race prior to the waved by Cars having joined the rear of the field.

7.6.1.2. Single file restarts will be in effect at all Events. After the starter gives the "one (1) lap to go" signal and prior to the restart, Cars must line up in single file formation with no gaps or lagging between Cars. In the event of a restart with 15 laps or less remaining, all Cars not on the lead Car lap will be moved to the rear of the field.

7.6.1.3. When the Track is clear for racing, the Safety Car will assist the field in preparing for a restart. At the appropriate time, the Safety Car lights will be turned off, indicating intent to restart. The leader is required to maintain the pace lap speed until reaching a point designated by INDYCAR near the start/finish line when the leader shall accelerate smoothly back to racing speed and the Green Condition will then be declared. All Car(s) must maintain their respective Track positions until the Green Condition is declared.

7.6.1.4. During the Yellow Condition, no Car may pass another Car unless:

7.6.1.4.1. The other Car is stopped on the Track or the Driver of the other Car has waved by all of the passing Cars in an INDYCAR-designated location and promptly confirms such action by communication to INDYCAR;

7.6.1.4.2. The other Car is not maintaining the pace lap speed; or

7.6.1.4.3. Either Car is in the pit lane boundaries.

7.6.1.5. Overtaking the Safety Car or another Car during a Yellow Condition without authorization by Officials may result in a penalty.

7.6.1.6. INDYCAR shall determine the restart procedures, as it deems appropriate. This includes when to give the proper overtaking signal, whether a proper overtaking signal has been given, whether to move Lapped Cars to the rear of the field, whether the leader or any other Car fails to restart the Race as directed, and the type and timing of any penalty. All such decisions made by INDYCAR may not be reviewed and/or appealed.

7.6.2. After a Red Condition— All of the standard restart procedures shall apply with the following exceptions:

7.6.2.1. The Cars will be lined up in order beginning with the Race leader. The restart order of the remaining Cars will be determined by their physical sequence at the start/finish line during the last scored Race lap.

7.6.2.2. In addition to the crewmembers permitted under Rule 7.1.4.2.b, one (1) additional crewmember is allowed over the wall to bring the starter and/or cart to the Car, when directed by Officials.

7.6.2.3. Cars unable to restart will be required to go to their respective pit boxes.

7.6.2.4. Provided the Car maintains its lap count relative to the leader, a Car may take its restart position at any time prior to the start of the "one-to-go" lap. After this time, the Car shall be moved to the rear of the restart order.

7.6.2.5. The pits may be opened prior to the "one-to-go" lap.

7.6.2.6. Notwithstanding Rule 7.6.2.1, the following reasons may be cause for a Car to be placed at the rear of the restart lineup:

- a)** Cars involved in a crash during, or subsequent to, the last scored lap. The decision as to whether a Car has been involved in a crash may not be reviewed or appealed;
- b)** Cars stopped on the Track, including the pits, during the last officially scored lap; and/or
- c)** Cars which have performed work under Rule 7.1.4.2.1.

7.6.2.6.1. The restart order of Cars placed at the rear of the lineup will be in order by total laps completed and sequence of completion.

7.6.2.7. Any laps being run under a Yellow Condition will be scored. Any Cars remaining in pit lane at the time of a restart may join the Race if approved to compete by INDYCAR.

7.7. Mechanical Conditions

7.7.1. INDYCAR shall determine whether a Car involved in a crash or with a hazardous mechanical condition will be permitted to continue in the Event or must first return to the pit lane or the garage area for necessary repairs.

7.7.2. INDYCAR shall determine how the Car is removed and where the Car is taken. INDYCAR is not responsible for payment, reimbursement, damage, or loss to any Car as a result of such removal and with respect to the location to which the Car is taken.

7.7.3. After any repairs have been completed by the Entrant's crew, the Car is subject to visual or other inspection by INDYCAR prior to and/or during any further competition. If INDYCAR determines that further repairs are warranted, the Entrant's crew must make those repairs before the Entrant's Car is permitted to return to competition.

7.7.3.1. Oval Races – Cars being repaired will not be permitted to return to the Race during the last 20 laps of the Race.

7.7.3.2. Road/Street Course Races - Cars being repaired will not be permitted to return to a Race during the last 10 laps or 15 minutes of a timed Race.

7.7.4. A Car may only receive on Track assistance as directed by INDYCAR.

7.7.5. Officials may approve technical or structural changes during technical inspection due to contact, material, or parts failure.

7.7.6. These decisions of INDYCAR are final and may not be reviewed and/or appealed.

7.8. Performance Standards

7.8.1. INDYCAR may establish a performance standard which all Entries entered in an Event must achieve in order to participate in the Event. In general, Entries must perform within 105% of the Car posting the best time and demonstrate Car consistency, control/placement, and interaction with other Cars on Track to the satisfaction of INDYCAR. In general, the performance standard will be announced to all Competitors prior to the start of the first practice session and will not be raised after practice has started. However, INDYCAR may delay announcement of the standard until a later time based on the physical condition of the Track, safety, and other considerations.

7.9. Pit Procedures

7.9.1. INDYCAR may declare Race conditions for any on-Track activity.

7.9.2. Any on-Track activity declared to be run under Race conditions requires attire for pit personnel as set forth in Rule 1.2.7.2.

7.9.4. All Cars must be centered in their assigned pits. The outer point of the inside rear tire must not exceed a maximum of four feet (48 inches) from the

front face of the pit wall. The Car must be parallel to the pit wall.

- 7.9.5.** For each Car, a maximum of six (6) crewmembers plus the Driver is permitted on the Track side of the pit wall at any one time when the Car is making a pit stop. They may assume their positions immediately before the Car arrives.
- 7.9.6.** Equipment and tires on the Track side of pit wall must be attended by a crewmember at all times. The outside front tire changer must have his/her foot on the tire until the Car enters the pit.

- 7.9.13.** Fueling with the aid of pumps, open containers or any other device is not permitted. Only

fuel from the pit fuel storage tank may be added to the Car.

7.9.14. During practice, fuel may only be added through the practice dry-break vent system. The Engine must be shut off during any practice refueling. A crewmember must operate fire equipment during any refueling.

7.9.15. The use of the fuel probe without flowing fuel during practice sessions is permitted in accordance with Rule 7.9.13.

7.9.16. A Driver who passes the Driver's assigned pit must continue around the Track and stop on the next available lap. A Car is considered to be in its assigned pit box if the inside rear tire is inside the assigned pit box, has not crossed the centerline and the Driver has not impeded the progress of any other Car.

7.9.17. Courtesy Zones

7.9.17.1. Any Participant who, in the opinion of INDYCAR attempts to, or positions a Car, equipment, and/or personnel so as to create a hazard or disruption of the Event or to interfere with the activities of another Competitor may be penalized.

8.4.6.1.1. Qualifying Fuel Procedure – Cars are required to add a minimum of three (3) gallons of fuel from the fuel depot in the garage area prior to the first time through pre-qualification technical inspection. For all other qualification attempts, Cars must add a minimum of three (3) gallons of fuel from the qualifying fuel tank located in the pit lane.

8.4.6.2. While the Car is in the qualifications line, an Entrant's representatives may make front and rear wing and tire pressure adjustments only. The Car must be moved as the qualifications line progresses. A Car must not leave the qualifications line without the approval of INDYCAR.

8.4.6.3. Once the Car successfully completes the technical inspection process, INDYCAR shall issue the Car an inspection sticker indicating the Car is eligible to make a qualifications attempt on that specific qualification day. The Car may make a qualifications attempt during the specific qualification day without having to return to the technical inspection area, if the Car displays the sticker. Each qualification day will have a unique sticker.

8.4.6.4. Only Cars participating in a qualifications attempt may obtain fuel from the qualifying fuel tanks located in pit lane. Cars participating in practice must obtain fuel from their fuel tanks located in the pit lane.

8.4.6.5. When a Car is presented for pre-qualifications technical inspection, it must be in the aerodynamic configuration in which it shall race, with the following exceptions:

- a) Fuel fillers and vents may be taped off or fitted with blanking covers;
- b) Wing angles may be adjusted;
- c) Rear wing adjuster may be added or removed;

- d) Optional wickers may be changed, added or removed;
- e) Shutters may be changed;
- f) Race Location approved aerodynamic options may be made with the exception of the rear wing mainplane; and
- g) Radiator screens and vertical internal turning vanes may be changed (if changed must comply with Rule 14.6.6.4).

8.4.6.6. The Car must remain as presented at pre-qualifying technical inspection throughout the entire qualifications attempt unless otherwise approved by INDYCAR.

8.4.6.7. Only after a Car's post-qualifications technical inspection is completed may the foregoing permitted changes be made. Mechanical adjustments within the scope of the Rules are permitted.

8.4.6.7.1. Approved changes may be made to Qualified Cars after they have completed post-qualifying technical inspection.

8.4.7. Post-Qualifications Technical Inspection

8.4.7.1. During Saturday and Sunday qualifying, INDYCAR shall institute a voluntary impound area in pit lane. A Car may only proceed to the voluntary impound area upon receiving approval from INDYCAR. In lieu of permitting a Car to proceed to the voluntary impound area, INDYCAR may assign an Official to remain with the Car.

8.4.7.2. After each Car has completed its required attempt, each Car must return to the designated impound area. Each of the Cars will be assigned a technical Official.

8.4.7.3. Each Entrant must have in its immediate possession the following tools for post-qualifying and post-Race:

- a) Tools to remove body work;
- b) Tools to remove the top of the airbox;
- c) Tools to remove tires;
- d) Tools to remove refueling receptacles;
- e) Nitrogen for wheel guns, air jacks.

8.4.7.4. INDYCAR shall determine the order of post-qualifying inspection. One consideration is the qualification time of the Cars and the likelihood a Car may be bumped from the field.

8.4.7.5. INDYCAR reserves the right to perform such other inspection procedures, including full Engine inspection, at any time as it deems appropriate.

8.4.7.6. Entrants must not download data from the Car after receiving the checkered flag until released from technical inspection.

8.4.8. Alternate Procedures

8.4.8.1. If the time allotted for qualifications has expired on Saturday without every Car having been given its Guaranteed Attempt, INDYCAR

shall determine the revised qualifications procedure. This may include without limitation all Cars qualifying on the next available day.

8.4.9. Special Session - In the event the qualifications period ends on Sunday, May 17th with fewer than thirty three (33) Cars qualified for the Race after the break in the line, all Cars having met the qualifications requirements shall be locked in and cannot be bumped. INDYCAR shall fill the balance of the field by the fastest qualifiers of a special session, with the only bumping taking place amongst the qualifiers participating in the special session. The following procedure shall apply to the Special Session:

- a) An Entrant who wishes to secure a spot in the qualifications order for the special session must have a representative present at 3:15PM on Sunday May 17th at N1 to draw for a qualifications position.
- b) The special session shall take place on the next available day, weather permitting, prior to Carburetion Day and will consist of a thirty (30) minute practice session, followed by one (1) Guaranteed Attempt for each Car. Any Car not presented and starting its Guaranteed Attempt when directed to do so by INDYCAR or not taking the green flag will forfeit its Guaranteed Attempt. The remainder of the field will be filled based on qualifications time during the special session. If the special session does not fill the field, INDYCAR will fill the field.
- c) In the event INDYCAR determines that this procedure will interfere with the preparations for the Race, either due to weather or otherwise,

INDYCAR may forego the special session and fill the field in accordance with Rule 8.1.10.

8.4.10. Post-Qualifications Photographs

8.4.10.1. After a Car has completed its initial qualifications attempt, the Driver and Car must proceed to the designated photograph area to take the qualifications photograph. INDYCAR shall permit an Entrant to delay the post qualifications photograph until the end of qualifications.

8.4.10.2. Each Driver/Car qualifications photograph is permitted a maximum of ten (10) minutes.

8.4.10.3. During the ten (10) minute photograph time, a Driver and crew must wear the designated hats in the assigned order. If there is time permitting, other hats may be worn. If there is not time permitting, then the Entrant must make arrangements to schedule an alternate time to take additional photographs.

8.4.10.4. For each subsequent qualifications attempt, a Driver and Car are not required to proceed to the photograph area for a duplicate set of photographs.

8.4.10.5. After the photographs are completed, the Car will return to the technical inspection area for post-qualification technical inspection.

9. PENALTIES

9.1. General

9.1.1. INDYCAR may penalize any Member for any violation of the Rules. If an Official observes or is made aware of an act or omission by a Member that constitutes a violation of the Rules and if the Official determines that the act or omission is sufficiently serious to warrant the imposition of a penalty, the Official shall promptly report the violation to INDYCAR. INDYCAR shall consider the report and shall conduct whatever additional inquiry it deems appropriate under the circumstances. After concluding the inquiry, INDYCAR shall determine whether disciplinary action is appropriate, and if so, what disciplinary action should be taken. The Member shall be informed of the determination, and if disciplinary action is imposed, INDYCAR shall issue a penalty notice to the Member specifying the violation, a brief statement of the circumstances of the violation, and the penalty imposed. If the act or omission of a Member is determined by INDYCAR to constitute a threat to the integrity or safety of INDYCAR, the IndyCar Series or to the orderly conduct of an Event or to constitute a violation during an Event, INDYCAR may take immediate action against the Member.

9.1.2. When any Race Steward or an Official identifies an On-Track violation of these Rules, the Race Stewards shall be immediately informed of the violation. Upon receipt of the violation, the Race Stewards shall deliberate on the violation to determine if a penalty will be issued. The Competitors and broadcast/media are informed but

the Race will not stop, unless directed by the Race Director. During this review, all available camera views, the time line data and the Rules references will be made available to the Race Stewards. Each Race Steward votes for or against the issuance of a penalty, and a majority vote determines if a penalty is issued. Once this determination is made, the Senior Steward shall determine the severity of the penalty. The Senior Steward will notify the Race Director who shall advise the Competitors and broadcast/media either: (i) "Car #___ was under review, and no further action is required" or (ii) "Quoting Rule #___ and Car #___, the penalty is issued."

9.2. Scope of Penalties

9.2.1. Penalties for violations of the Rules are divided into two categories: Race Procedure penalties and non-Race Procedure penalties. Regardless of the category, penalties are determined by the gravity of the violation and its effects on fairness of competition, the orderly conduct of the Event, and the interests and integrity of automobile racing, INDYCAR, and the IndyCar Series. INDYCAR shall have the authority to impose any or all or any combination of the following penalties against any Member for any violations of the Rules at any time.

9.2.2. Race Procedure Penalties – Violations of Race Procedures generally result in penalties imposed during on-Track activity. If circumstances do not permit a penalty to be served during on Track activity, INDYCAR shall declare the results provisional and subject to examination which shall take no longer than two hours after the displaying of the checkered flag. This examination is independent of the Competitor's requirement to pass post-Race

technical inspection. If the imposition of a penalty is near or at the end of the on Track activity and the Driver/Car does not fulfill it, INDYCAR may reposition the Driver/Car in the posting of results. Additional penalties may be applied to subsequent on-Track activities to reflect the fulfillment of the penalty. Except as provided in Rule 12.2.1, the penalty, including without limitation any repositioning in a posting, is non-reviewable and/or appealable.

9.2.2.1. Black Flag – INDYCAR may impose black flag penalties.

9.2.2.2. Laps - INDYCAR may impose lap penalties. Lap penalties shall be imposed in complete laps only. The imposition of a lap penalty shall result in the removal of official credit for the specified number of penalty laps from the total laps credited to the Competitor, and the scoring records and all points and awards shall reflect the removal of penalty laps.

9.2.2.2.1. If the lap penalty is imposed during the on Track activity, the removal of official credit shall begin with the Competitor's lap in which the violation occurred and shall include subsequent consecutive laps, as determined by INDYCAR.

9.2.2.2.2. If the lap penalty is imposed after the on Track activity is completed, INDYCAR shall determine, based on the severity of the violation, whether the removal of official credit shall begin with the Competitor's last lap and include previous consecutive laps as

required, or begin with the Competitor's lap in which the violation occurred.

9.2.2.3. INDYCAR shall make a reasonable effort to notify the penalized Competitor of a lap penalty at the time it is determined. However, failure to notify the Competitor during the on Track activity will in no way mitigate or change the penalty.

9.2.2.3. Time – INDYCAR may impose time penalties as described below. The imposition of a time penalty may result in the removal or addition of the specified amount of time to the Competitor, and the timing and scoring records and awards shall reflect the removal or addition of time.

9.2.2.3.1. If the time penalty is imposed during a subsequent on-Track activity, the time shall be removed from the Entrant's Promoter Test or Team Test, practice session and/or qualifications period. The time penalty must be fulfilled when directed by INDYCAR. The time penalty begins when the Member, the Member's Car, and Entrant personnel are in pit lane.

9.2.2.3.2. If the time penalty is imposed during the current on-Track activity, time shall be removed or added to the Entrant's overall time on the official posting.

9.2.2.4. On-Track Repositioning – INDYCAR may impose a repositioning penalty during on-Track activities. The repositioning penalty will result in an order change of the Car's on-Track position.

9.2.2.5. Grid Repositioning – INDYCAR may impose a grid penalty. A grid penalty is repositioning of an Entrant on the starting grid.

9.2.2.6. Disqualification - INDYCAR may disqualify the Member. Disqualification shall entail the loss of any right to compete in the remainder of the current Event from the time at which the disqualifying condition first occurred. It may entail the forfeiture of Entry fees paid or payable, and INDYCAR shall determine, based on the severity of the violation, whether or not the disqualification includes the forfeiture of points and awards earned up to the moment at which time the infraction for the disqualification first occurs.

9.2.3. Non-Race Procedure Penalties – Violations of non-Race Procedures generally result in penalties imposed during off-Track activity. Penalties are reviewable and/or appealable except as provided in Rule 12.2.1.

9.2.3.1. Additional Appearances and/or Meetings – INDYCAR may require a Member to attend and actively participate in appearances and/or meetings in addition to those required of the Member, other Members, pursuant to the Rules and any other agreements. INDYCAR may specify the due date for completion. Failure to attend and/or participate by the due date may result in reinstatement of the monetary fine if a monetary fine was imposed, or additional penalties as determined by INDYCAR.

9.2.3.2. Monetary Fines – INDYCAR may issue monetary fines and specify the due date for payment. Unpaid fines may be deducted from

any awards payable by INDYCAR to the Entrant or Manufacturer associated with such Member either before or after the specified due date. INDYCAR may suspend or refuse to approve the renewal of the License and/or membership of any Member failing to timely pay any fine during the period the fine remains unpaid.

9.2.3.3. Probation – INDYCAR may place a Member on probation. Probation is a state of limitation upon a Member's privileges usually following an act or omission occurring before or during membership which calls into question the Member's willingness or ability to abide by standards required for membership. The purpose of probation is to establish a process to allow a Member to prove, by the Member's conduct, that the standards of membership are understood and will be honored at all times. During probation, a Member is under heightened scrutiny and the Member can be required to abide by specified standards of conduct that are more stringent than those which are otherwise applicable to Members under the Rules. If a Member violates probation, the Member is subject to a more severe penalty as determined by INDYCAR. INDYCAR shall determine the duration and conditions of probation.

9.2.3.4. Suspension – INDYCAR may suspend a Member. A suspension may be total suspension from INDYCAR or it may be limited to a suspension of membership or License privileges at a Race Location facility or facilities, or for a particular Event or Events, or for a specified or indefinite period of time. Unless expressly limited, a suspension shall entail the loss of any right to take part in any capacity whatsoever in any Event or Events included in the suspension.

Unless otherwise stated, individuals under suspension will not be issued credentials of any kind for an Event and the privileges and uses of the Track, pit area, and other restricted garage area will be denied. Every suspended individual shall return all credentials and/or Licenses to INDYCAR who will not return them until the term of the suspension has expired. Any delay in surrendering the credentials and/or Licenses shall be added to the term of the suspension. If the suspended individual does not return the credentials and/or Licenses, the credentials and/or Licenses shall be inoperative and invalid until the lifting of the suspension. Suspension may also render void any previous Entry made for any Event occurring during the term of such suspension and may entail the forfeiture of any applicable Entry fees paid or payable for any such Entries. INDYCAR shall have the right to reduce, increase, or otherwise modify the unexpired term of a suspension issued under the Rules.

9.2.3.5. Loss of Points and/or Awards –

INDYCAR may rule that a Member who violates the Rules will forfeit all or a portion of the points and/or awards earned in that year, including points and awards earned in the Event in which the violation occurred.

9.3. Additional Provisions and Guidelines

9.3.1. Improper Conduct - Any Member attempting to or engaging in unsportsmanlike conduct, unsafe conduct, or conduct detrimental to racing; INDYCAR; and/or to the IndyCar Series, whether during an Event or on/off the Track, may be subject

to any or all penalties. Improper conduct shall include, without limitation:

- 9.3.1.1.** Engaging in reckless, careless, unsafe, and/or overly aggressive actions, or unsportsmanlike behavior;
- 9.3.1.2.** Impeding the conduct of an Event, including Car control, placement and inconsistent driving pattern;
- 9.3.1.3.** Causing an avoidable Yellow or Red Condition;
- 9.3.1.4.** Endangering the safety of Members, or others;
- 9.3.1.5.** Failing to participate at competitive speed;
- 9.3.1.6.** Failing to participate in close proximity to other Cars;
- 9.3.1.7.** Failing to follow the direction of INDYCAR; and/or
- 9.3.1.8.** Using improper, profane, or disparaging language or gestures in reference to any Official, Members or anyone else or improper, profane or disparaging language or gestures in reference to, concerning or connected in any way with INDYCAR, the IndyCar Series, or any Event and could result in additional penalties as determined by INDYCAR.

9.3.2. Blocking - A Driver must not alter his/her racing line to pursuing Drivers.

9.3.3. Avoidable Contact – The primary responsibility for avoiding contact with a Competitor resides with the overtaking Competitor and the secondary responsibility resides with the Competitor(s) being overtaken. A Competitor who fails to demonstrate their responsibility and initiates a maneuver that results in contact with another Competitor may be penalized.

9.3.4. Team Tactics and/or Team Orders – Team tactics and/or Team Orders are actions or omissions by one or more Members to artificially influence, affect, alter, and/or otherwise interfere with the normal course of an on-Track Event. Team Tactics and/or Team Orders are not permitted. If INDYCAR determines one or more Members attempted to or engaged in Team Tactics and/or Team Orders, INDYCAR may issue a penalty to any or all of the Members, including without limitation any or all of a Team's Car/Driver combinations.

9.3.5. Assault or Battery - If any Member shall attempt to or commit an assault or battery during or in connection with an Event, such Member may be disqualified and/or suspended by INDYCAR and may be subject to additional penalties.

9.3.6. Gambling on Events - Applicants and Members shall not engage, nor attempt to engage, in any gambling activity (as defined below) relating to any Event, or any portion of an Event, (i) in which INDYCAR is involved, including, but not limited to, IndyCar Series, Indy Lights, Pro Mazda Championship and/or USF2000 National Championship events, or (ii) that in the judgment of INDYCAR could represent and represents the potential for a conflict of interest, unsportsmanlike conduct or conduct detrimental to racing and/or

INDYCAR Group. This Rule applies to all gambling activities including, without limitation, those available in any gaming facility, casino, lottery gaming facility, racetrack gaming facility, or on the internet or electronically, or in all other establishments and locations. Gambling activity, for purposes of the above, is defined as placing anything of value at risk, whether monetary or otherwise, in connection with a bet, wager, or game of chance. If an applicant or Member wishes to participate in any gambling activity associated with or related to INDYCAR or its affiliates (for example, a celebrity blackjack tournament), he/she may do so only if he/she has received the prior written authorization of INDYCAR. Such authorization, if granted, will be limited to the extent authorized by INDYCAR.

9.3.7. Social Media – Competitors and Officials must comply with provisions of the INDYCAR Social Media Policy at all times.

10. CHAMPIONSHIP, POINTS & AWARDS

10.1. Championships and Point Standings

10.1.1. INDYCAR recognizes several different types of championships, including, without limitation, Engine Manufacturer, Entrant, and Driver. To facilitate competition for these championships, INDYCAR calculates and publicizes complete rankings of all participating Engine Manufacturers, Entrants and Drivers following the completion of each Race and Indianapolis 500® Mile Race qualifications. Unless otherwise announced by INDYCAR, all scheduled qualifications and Races shall offer championship points.

10.2. Significance of the Car Number

10.2.1. Points and awards are credited only to the Engine Manufacturer supplying the Engine, Entrant entered in the Event and to the Driver participating in that Car except as otherwise permitted by INDYCAR. The Car number is listed on the Entry and signifies the Car to be credited. The points and awards accumulate on behalf of the entered Car number, separately from any other Entrant's License that Team may hold.

10.3. Crediting of Points

10.3.1. INDYCAR has established the following system under which eligible Engine Manufacturers, Entrants and Drivers may accumulate points.

- 10.3.2.** Entrant points will be credited only to an Entrant holding a valid Entrant's License at the time of the Event, competing with a properly entered Car and displaying the assigned Car number throughout any Event.
- 10.3.3.** Driver points will be credited only to Drivers holding a valid Driver License at the time of the Event.
- 10.3.4.** INDYCAR will not credit the point(s) usually earned by the Entrant and Driver starting a Race in the pole position if the starting field is determined in accordance with Rule 8.1.10.
- 10.3.5.** If a Car participates in practice and/or qualifications but is unable to start a Race, the Driver and/or the Entrant shall receive half of the points the Car would have received for the Race had the Car started the Race ("non-starting Cars"). INDYCAR shall determine whether a Car is deemed to have participated for purposes of this Rule 10.3.5.
- 10.3.6.** Unless otherwise provided by INDYCAR, all Entries shall be eligible for Entrant and Driver points associated with participation in an Event.
- 10.3.7.** Entrants and Drivers displaying the mandatory award sponsors and otherwise complying with the Rules may be eligible to earn points and awards.

10.4. Ties

- 10.4.1.** At the end of the season, the Engine Manufacturer, Entrant and Driver with the highest number of ranking points respectively shall be declared the Champion. In the case of a tie in the championship, INDYCAR will determine the

champion based on the most first place finishes. If there is still a tie, INDYCAR will determine the champion by the most second place finishes, then the most third place finishes, etc., until a champion is determined.

10.4.2. INDYCAR will apply the same system to other ties in the rankings at the end of the season and at any other time during the season.

10.5. End of Season Awards

10.5.1. INDYCAR reserves the right to establish end of season awards based upon points.

10.6. Points

10.6.1. Points may be earned by Entrants and Drivers based upon participation in Races and Qualifications and Engine Manufacturers based upon participation in Races.

11. AWARDS

11.1. Approval

11.1.1. The distribution of all awards must be approved by INDYCAR.

11.2. Awards

11.2.1. INDYCAR shall determine the eligibility, nature, and amount of all for:

- a) Each Event, and
- b) End of season.

11.3. Withholding

11.3.1. Offset - INDYCAR shall have the right to offset any amounts owed by a Member to INDYCAR, an Event Promoter or a Manufacturer against any award otherwise payable to the Member or the Member's Entrant. If INDYCAR receives notice that Member has failed to pay an Event Promoter or Manufacturer, INDYCAR shall have the right to pay the Event Promoter or Manufacturer directly after giving the Member a 48 (forty-eight) hour period to dispute the offset. Should the Member dispute the offset or in the event INDYCAR receives conflicting demands for such amounts, INDYCAR shall, at its option, be entitled to seek a court order to ascertain the rightful distribution of funds.

12. REVIEW

12.1. Introduction – Members recognize the need for Officials to make decisions that require judgment and the exercise of discretion, often instantaneously with Events as they are occurring. They further recognize that there is a limited system of instant replay during or after an Event. Except as expressly provided in these Rules, the exercise of judgment by Officials during an Event issuing a penalty or otherwise shall not be reviewed and the decision of Officials is final and binding. By submitting a membership application and in consideration of receiving the numerous benefits available, each Member agrees that the final and binding decisions of Officials are non-litigable. No court action of any kind may be taken by any Member. By reason of membership in INDYCAR and/or participation in an Event, any Member waives any rights such Member may otherwise have to be a party or to take any action in court seeking legal or equitable relief against any decision or action of any kind by INDYCAR, the Officials, anyone acting on behalf of INDYCAR, the review facilitator and/or the appeal panel. Each Member acknowledges that participation in an Event by other Members is in part in reliance on this waiver. If a Member initiates or participates in litigation in violation of these Rules, all membership privileges may thereupon be suspended and Member is subject to the provisions of Rule 2.8 of these Rules.

12.2. When is a Review Permitted

15.3.1. Within thirty (30) minutes of the completion of the session prior to the Race, an Entrant must declare via instant messaging (to the Timing/Scoring Booth account) or submission of declaration form to INDYCAR which compound it intends to use at the start of the Race. Failure to comply will result in the Entrant being allocated the compound by INDYCAR.

15.3.1.1. If a Race is declared "wet", and/or conditions warrant changing to "wet" tires during an Event, Rules 15.3.2 and 15.3.3 no longer apply.

15.3.1.2. A Car must complete two (2) official laps on each compound of tire, one of which must begin under a Green Condition as is determined by the leader. The second lap may be completed in pit lane even if the Car is pitted prior to the Start/Finish line. At Race Locations where the pit entry is after the start/finish line, two laps must be completed on-Track. Any Entrant failing to comply with this Rule shall receive a minimum one (1) lap penalty. If a Car receives tire damage due to contact, the two (2) lap requirement for that type of tire will be considered fulfilled.

15.3.2. Single Races: One set of new (sticker) alternate tires and one set of primary tires must be used during the Race prior to receiving the checkered flag.

15.3.3. Double-Header Races: One set of alternate tires and one set of primary tires must be used during each Race prior to receiving the checkered flag.

15.4. Practice Tire Rules

15.4.1. All Races except Indianapolis 500® Mile Race: When practice session 1 consists of two (2) groups, the following will apply:

15.4.1.1. Group A: Only Rookie Drivers and Entrants outside the top ten (10) in Entrant point standings may participate in Group A.

Entrants shall have the option to purchase one additional set of tires for use during practice session one (1). If purchased, the additional set of tires must be returned at the conclusion of practice session 1. Entrants within the top ten (10) in Entrant point standings are permitted to perform a "system check". At the beginning of practice session 1, the Car leaves pit lane and returns to pit lane without having completed one timed lap on the Racing Surface.

15.4.1.2. Group B: All Entrants entered in the Event may participate in Group B. Entrants completing five (5) or more laps during practice session 1 (Group B) will earn an additional set of primary tires. These laps may consist of any combination of "in" and/or "out" laps.

15.4.1.3. If Group A and B are combined, those that would have participated in Group A are eligible to purchase the additional set of tires.

16. ENGINE SPORTING REGULATIONS

16.1. General

- 16.1.1.** Only the Engine provided by the Engine Manufacturer or its designee and approved by INDYCAR may be used and no modifications are permitted.
- 16.1.2.** An Entry may possess a maximum of one Engine at any time unless otherwise approved by INDYCAR. Engines for Backup Cars are not allowed unless approved by INDYCAR.
- 16.1.3.** All Engine use planning will be carried out by the Engine Manufacturer. INDYCAR will allocate the Engines to the Entries and will randomly assign Engines to Entrants from a pool, designated by noon (local time of the Event) the Day prior to on-track activities at the Event. If a new pool is not designated, the pool from the previous Event will carry over. The pool for Indianapolis 500® Mile Race must be designated by the conclusion of Qualifying. Fitting an Engine that is not from an Event's pool will be classed as an Unapproved Engine Change-Out. Such an Engine will not be eligible to score Engine Manufacturer championship points.
- 16.1.4.** Each Full-Season Entrant is allowed four (4) fresh built Engines from the Season Start of a given season until the Season Start of the following season. Engines beyond the fourth (4th) fresh Engine may be fresh or part-used.

16.1.5. Only one Engine will be provided for the entire Short Indy 500 Engine Program. At the completion of the Indianapolis 500® Mile Race, all miles remaining on the Engine shall be forfeited.

16.1.6. INDYCAR will seal Engines prior to installation into the Car (seals may be applied to head to block, block to sump, front cover to block, or as otherwise determined by INDYCAR). Seals may not be broken, tampered with, or removed without the permission of INDYCAR. Engine Manufacturers will provide locations and necessary drillings for the application of INDYCAR seals. No Car may participate in on Track activities during an Event without INDYCAR seals in place.

16.1.7. If a Driver is replaced at any time, the replacement will be deemed to be the original Driver for the purposes of assessing Engine miles.

16.2. Full-Season Mileage Limit

16.2.1. The Full Season Entrant Engine Mileage allotment is 10,000 total miles, from the Season Start of a given season until the Season Start of the following season.

16.2.1.1. Mileage in excess of 10,000 miles minus any forfeited miles due to Entrant initiated Unapproved Engine Change-Outs is chargeable by the Manufacturer at a per mile rate.

16.2.1.2. New Full Season Entrants Mileage is chargeable by the Manufacturer at a per mile rate prior to the Season Start.

16.2.1.3. Any allotted miles for Full-Season Entries that remain after the end of the 2014

race season may be used up by that Entrant only until the Season Start.

16.2.2. Except as provided below, all Engine mileage must be reported to INDYCAR and shall be subtracted from the 10,000 mile allotment, regardless of Use. Mileage will be determined from the official lap count from the timing sheets of each Event multiplied by the official Track length. Race parade and pace laps and Oval qualifying warm-up laps will be included.

16.2.2.1. For those Events not run on Track, such as straight-line Tests or where timing sheets are not available, ECU and boost sensor serial numbers used and Engine mileage (will be calculated from ECU data) must be provided to INDYCAR by the Engine Manufacturer within 48 hours of completing the Test.

16.2.2.2. ECU and boost sensor serial numbers run by the Engine Manufacturer at any Event must be provided to INDYCAR within 48 hours of the completion of the Event for the purpose of mileage tracking.

16.2.2.3. Total mileage will be rounded to the nearest mile for the purposes of enforcing compliance with these Rules.

16.2.3. An Entrant participating in a tire or chassis Test required by INDYCAR may fit a Manufacturer Engine for that Test without penalty. Such Engine Change-Outs must comply with Rule 16.3. Engine miles used for tire and chassis Tests required by INDYCAR will not count against the Full Season Entrant Engine Mileage limit.

16.2.4. An Entrant participating in an Engine Manufacturer Test approved by INDYCAR may fit a Manufacturer Engine for that Test without penalty. Miles used on an Engine Manufacturer Test Engine supplied for a Manufacturer Test will not count against the Full Season Entrant Engine Mileage limit.

16.2.5. The Engine Manufacturer may charge an Entrant for miles used in excess of the allotted Full-Season Entrant Engine Mileage during the period detailed in Rule 16.2.1.

16.3. Engine Change-Out

16.3.1. Between the last Race of a season and the Season Start of the following season, an Entrant may change-out Engines as it deems appropriate without penalty or without the prior approval of INDYCAR.

16.3.2. From the Season Start until the end of the Race season, no Engine may be changed-out for any reason without the prior approval of INDYCAR and the Engine Manufacturer. Engine Change-Outs by an Entrant shall be either an Approved Engine Change-Out or an Unapproved Engine Change-Out as determined by INDYCAR. All Unapproved Engine Change-Outs shall be subject to penalty.

16.4. Engine Repair

16.4.1. All Engine repairs during an Event must have prior approval from INDYCAR. An Engine that requires a minor repair may, with INDYCAR's approval, be removed from the Car for repair without penalty. Using the Car on Track with another Engine will be classed as an Engine Change-Out.

16.4.2. Minor repair shall be a repair that can be performed without the removal of either cam cover and/or removal of any INDYCAR-applied seals.

16.4.3. If any of the INDYCAR-applied Engine seals needs to be broken or removed, the repair cannot be carried out unless an Official is present and INDYCAR gives prior approval. If the repair is carried out at the Engine Manufacturer's shop, the Engine Manufacturer will pay reasonable pre-approved travel expenses for the Official being present.

16.4.4. Parts may only be replaced with parts to the same design as those removed or with INDYCAR-approved upgrades.

16.4.5. The Engine Manufacturer shall be permitted to rerun the Engine on its dyno for the purposes of assuring the minor repair is effective. The Engine must be returned to the Entrant within 28 (twenty-eight) days of its removal. The Entrant changing out the Engine must refit the repaired Engine when the Engine in the Car needs replacing following the Entrant's receipt of the repaired Engine.

16.4.6. If the repair becomes non-minor, Rule 16.5.7 will apply.

16.5. Approved Engine Change-Outs

16.5.1. The minimum mileage threshold ("Change-Out Mileage") is 2500 miles.

16.5.2. An Engine that has reached its Change-Out Mileage may be changed without penalty. The Manufacturer will be awarded points pursuant to Rule 10.6.4

16.5.3. After qualifying is complete at an Event, any Engine that would exceed 2850 miles prior to the end of the scheduled Race distance may be changed without incurring a penalty.

16.5.3.1. After Race One of a double-header weekend is complete, any Engine that would exceed 2850 miles prior to the end of the scheduled Race Two distance may be changed without incurring a penalty.

16.5.3.2. Engines changed out under Rule 16.5.3 or 16.5.3.1 will be considered to have met Rule 16.5.2.

16.5.4. Full-Season Entrants and Entrants running the Full Indy 500 Engine Program may install a fresh Engine prior to the Indianapolis 500® Mile Race without penalty subject to availability and the following conditions:

- a) The fresh Engine fitted prior to the Indianapolis 500® Mile Race once Indianapolis 500® Mile practice begins shall count as one of the four fresh built Engines allotted to the Full Season Entrant, pursuant to Rule 16.1.4.
- b) Full-Season Entrants have the choice to use up the changed-out Engine or to use up the Indianapolis 500® Mile Race Engine first. Should the changed-out Engine be refitted before the Indianapolis 500® Mile Race Engine reaches its Change-Out Mileage, it must remain in the Car for the balance of its Change-Out Mileage. Except as under Rules 16.2.3, 16.2.4 and 16.5.6, both Engines must reach their Change-Out Mileages before another Engine can be fitted to the Car.

- c) Entrants only participating in the Indianapolis 500® Mile Race shall forfeit all unused miles on both the practice and qualifying Engine and/or the Indianapolis 500® Race Engine at the conclusion of the Indianapolis 500® Mile Race.
- d) Once an Indianapolis 500® Mile Race Engine is fitted to the Car, removal of the Engine prior to the Indianapolis 500® Mile Race is complete would be considered an Unapproved Engine Change-Out and would be subject to the penalties under Rule 16.6.
- e) After the Indianapolis 500® Race, INDYCAR may request that an Entrant's Engine be inspected. In this case, the Entrant may fit its previous Engine to the Car and such Engine must remain in the Car until the Engine's mileage is complete. If an Engine is not available with unused miles, a fresh Engine may be fitted. The inspected Engine will have its inspection complete and be available to be returned to the Entrant within 28 days. Once returned, it must remain in the Car until complete its remaining mileage is complete.

16.5.5. An Engine that has experienced a problem deemed sufficient to require change-out as mutually agreed by INDYCAR and Engine Manufacturer that is beyond the reasonable control of either the Entrant or Engine Manufacturer (such as faulty fuel, damage to the Engines caused by act of God, etc.) may be replaced with an Engine from the pool without penalty.

16.5.6. An Engine that has experienced a problem during participation in a predetermined special/non-Race Event will be classed as an Approved Engine Change-Out. Such Events will be determined by INDYCAR, and Entrants will receive notification prior to the Event.

16.5.6.1. For the pit stop competition held during the Indianapolis 500® Mile Race, Manufacturers are free to substitute any Engines for assigned Engines with INDYCAR approval.

16.5.7. An Engine that fails or presents evidence that failure has started and a non-minor repair is required per Rule 16.4 may be changed without an Unapproved Engine Change-Out penalty provided the following conditions are met:

- a) The Engine Manufacturer presents the evidence of failure to the INDYCAR Director of Engine Development or his appointed representative;
- b) Engine Manufacturer shall be responsible for repair costs of the Engine including parts, labor, shipping, etc;
- c) INDYCAR approves the change and assigns the Entrant with a fresh Engine from the pool;
- d) Rule 10.6.4 will apply; and
- e) Only one (1) non-minor repair may be carried out on any given Engine during its 2500-mile life.

16.5.8. Changing an Engine before the Change-Out Mileage because it has been operated outside of the Engine Manufacturer's guidelines (such as: Engine spinning backwards, loss of fluids, crash damage, etc.) will be subject to the following:

- a) Entrant shall be responsible for all repair costs of the Engine including parts, labor, shipping, etc.

- b) Only upon payment in full to the Engine Manufacturer for the repair shall the Entrant be credited the unused mileage of the Engine and be supplied a fresh or a used replacement Engine from the pool.

16.6. Unapproved Engine Change-Outs

16.6.1. An Entry choosing to change an Engine without complying to Rule 16.5 will be classified as an Unapproved Engine Change-Out.

16.6.2. Any Unapproved Engine Change-Out will result in the following:

16.6.2.1. For an Entrant initiated Engine Change-Out, the Entry will start the next Race from the back of the grid. If more than one Entry is serving an Unapproved Engine Change-Out penalty at an Event, they will line up at the back of the grid in the order determined by Rule 8.1.8.6. If an Entrant makes two Unapproved Engine Change-Outs during an Event, the grid penalty for the second Unapproved Engine Change-Out will be served at the following Race.

16.6.2.2. Entrant initiated Engine Change-Outs will result in a loss of ten (10) Driver and Entrant points.

16.6.2.3. All mileage remaining on the Engine prior to the Unapproved Engine Change-Out shall be forfeited.

16.6.2.4. Rule 10.6.4 will apply for each Unapproved Engine Change-Out.

16.6.2.5. No Engine Change-Out grid penalties will be served during the Indianapolis 500® Mile Race but points penalties will be applied. Penalties carried over into or earned at the Indianapolis 500® Mile Race will be served at subsequent Races.

16.6.2.6. Entries not participating in consecutive Events will not carry-over any Engine Change-Out penalties.

16.6.3. No Engine Change-Out will be subject to more than one Unapproved Engine Change-Out penalty.

16.6.4. No Engine Change-Out penalty will carry over to the following Race season.

16.6.5. Changing an Engine before the Change-Out Mileage because it has been damaged by the actions of the Entrant ("Team Abuse") including, without limitation, use of non-approved fuels or oils, tampering with the boost control or rev limit functions, continuing to operate the Engine after being informed that a problem has occurred such as overheating, etc. will be subject to the following:

- a)** Entrant shall be responsible for all repair costs of the Engine including parts, labor, shipping, etc.
- b)** All mileage remaining on the Engine prior to the Team Abuse incident shall be forfeited.
- c)** Entrant may be subject to other penalties up to and including termination of the Engine service agreement.
- d)** The change out will be classed as an Unapproved Engine Change-Out.

16.6.6. Removing the Engine to test a Down on Power (“DOP”) claim shall be classed as an Unapproved Engine Change-Out. The procedure for, and penalties potentially arising from, a Down on Power claim are set out in Rule 16.7.

16.7. Down On Power Engines

16.7.1. An Entrant claiming an Engine is DOP is required to provide supporting data to the Engine Manufacturer before the claim will be considered. The Engine Manufacturer, in its sole discretion, shall determine if the DOP claim is valid.

16.7.2. If the Engine Manufacturer accepts the DOP claim, the Engine Manufacturer shall inform INDYCAR of the issue. INDYCAR shall inspect the supporting data and in its Discretion determine if the DOP claim is valid. If it is determined by all parties that the Engine is DOP, INDYCAR shall:

- a) Approve the Engine Change-Out; and
- b) INDYCAR will assign the Entrant with a fresh or a used Engine from the pool for the outstanding miles of the DOP Engine. For Engine mileage accounting purposes, the reworked or rebuilt Engine will count as a substitute for the Engine that was removed.
- c) Rule 10.6.4 will apply

16.7.3. If an Engine Manufacturer does not accept that a DOP claim is valid, the Entrant making the claim may, in its discretion, pay the DOP bond specified in Rule 16.7.4 to INDYCAR to have the Engine removed from the Car and be retested by the Engine Manufacturer.

16.7.3.1. INDYCAR will retain the DOP bond until an Engine power test is completed at the Engine Manufacturer's facility. The retest of the Engine must be completed within 15 Business Days of the DOP claim. INDYCAR reserves the right to be present at the test.

16.7.3.2. In a case where the DOP Engine retests within 2% of its shipping test performance between 9,000 and 12,000 rpm:

- a) The Entrant shall forfeit the DOP bond, and INDYCAR shall pay the DOP bond to the Engine Manufacturer;
- b) The Entrant will pay for INDYCAR's costs for being present at the power test; and
- c) The Entrant shall forfeit the unused portion of the Engine mileage; and
- d) Rule 10.6.4 will apply.

16.7.3.3. If the Engine retests more than 2% under its shipping test performance between 9,000 and 12,000 rpm:

- a) INDYCAR shall return the DOP bond to the Entrant;
- b) The DOP bond will not increase the next time that Entrant makes a claim; and
- c) The Engine Manufacturer will pay for INDYCAR's costs for being present at the power test; and
- d) The Engine Manufacturer will supply the Entrant with an Engine from the pool for the

outstanding miles of the DOP Engine. For Engine mileage accounting purposes, the replacement Engine will count as a substitute for the Engine that was removed; and

e) Rule 10.6.4 will apply.

16.7.4. For an Entrant's first DOP claim, the DOP bond is \$25,000. For Entrant's second and subsequent claims the DOP bond is \$50,000. For Entrants only participating in the Indianapolis 500® Mile Race, the DOP bond is \$50,000.

16.8. Single Race Event Only Program

16.8.1. Engine Manufacturers will support single Race Event Entries approved by INDYCAR. The Entry may use only the Engine provided by the Engine Manufacturer and assigned by INDYCAR.

16.8.2. The Entrant shall forfeit all unused miles on the Engine at the conclusion of the Event.

16.9. Engine Inspection

16.9.1. INDYCAR may at any time request that an Engine inspection be carried out on an Entrant's fitted Engine after on-Track activities which may require removal of the Engine from the Car. In such a case, a new Engine may be provided to the Entrant from the Engine Manufacturer's pool of Engines, but the inspected Engine must return to the Car within 28 days to complete its remaining mileage.
